

Implement features like this “CALL” button on your website!

The screenshot shows a website layout for Ken Smith, an Allstate agent. On the left is a portrait of Ken Smith. To his right is his name and a short bio: "Our family has partnered with Allstate for years to help people with their insurance needs – from homes to auto to boats and more...." Below this is a link to "MY BACKGROUND AND ACHIEVEMENTS". Further right is contact information for Ken Smith Agencies Inc., including the address (2355 South Arlington Heights Rd Suite 110, Arlington Heights, IL 60005) and links for "HOURS, MAP & DIRECTIONS" and "OTHER OFFICE LOCATION(S) - VIEW". A callout bubble highlights a "CALL" button with the phone number (847) 437-9966 and a link to "EMAIL ME". The Allstate logo is in the top right corner with the tagline "You're in good hands." and a link to "EN ESPAÑOL". A navigation bar below the header contains links for "WELCOME", "AGENCY INFO", "ALLSTATE PRODUCTS", "PLANNING TOOLS", and "POLICY & CLAIM SERVICE". The main content area is split into two sections. The left section features a family running on a beach with the text "You deserve a relationship with a real person. That's our stand." The right section is titled "Get a Quote" and includes a text block: "You can get an online quote in minutes, but the best choice for insurance is an informed choice. Call me. I can help you with your insurance or financial services needs." Below this is a list of insurance types with radio buttons: Auto (selected), Home, Condo, and Renters. A green "REQUEST A QUOTE" button is positioned below the list. At the bottom of the quote section, there is a link to "Retrieve a Saved Quote:" followed by links for "Auto", "Home", "Condo", and "Renters".

Our phone systems allow you to answer these calls wherever you want.
